Hi Brian,

Please consider this an updated public records request for the termination of pregnancy reports that have been submitted since my last request (see below) by abortion facilities and abortionists through January 31, 2016 for abortions performed between July 1, 2015 and December 31, 2015.

Thank you,

Cathie Humbarger

Hi Cathie,

You are correct. I think Romana was trying to make sure that you didn't miss any 2015 reports by suggesting that we wait until the file deadline of Jan. 30. We will pull you the records that we have to date, and we will make a note to pull any additional TPRs on Jan. 30th so that you will have a complete set of 2015.

Regards,

Brian

Sorry I misunderstood a previous conversation we had. I thought you told me we could request the tpr's that had been filed at any time knowing that all the reports are not required to be filled until 1/31 and 7/31.

Good Morning,

We will revise our reporting criteria, reports for the last six months from facilities have until January 30, 2016 to submit them to our office. After that date we can begin developing your report.

We will be in touch with you in February.

Vicki: please note request for processing. Thank you.

Dear Mr. Carnes,

Thank you so much for your quick response to our past requests for public records.

I am requesting copies of the original termination of pregnancy reports as submitted by abortionists for terminations in Indiana from July 1, 2015 through December 14, 2015. I understand that reports are scanned and will be provided on discs. Please send the discs to the address below.

Please let me know of any cost related to this request and I will remit payment immediately.

Romana,

Part 1 of this request has been completed and Rosalie should be sending out the CD today. As soon as all the TPs have been entered after the January 30, 2016 deadline, I will complete Part 2 of the request.

Thank you.

Vicki

Hello,

Ok, we currently have over a hundred TP records to input this week, Vicki will be done with them by Friday. Will that be acceptable to the customer as a deliverable?
